#UNTEILBAR

FOR AN OPEN AND FREE SOCIETY SOLIDARITY, NOT EXCLUSION!

We are an alliance standing for a diverse, free and unified society. The current attacks on human rights, religious freedom, and the foundations of our democratic state, are alarming.

We will not allow such exclusion and inhumanity to become socially acceptable. Together we rise up against discrimination, poverty, racism, sexism, disenfranchisement, and nationalism.

We are the Many and we will stand united as one on **October 13, 2018**. We keep on fighting, **#unteilbar** is the foundation for further resistance against all forms of hate, bigotry, and violence.

- For a Europe of human rights and social justice!
- For a solidarity-based society rather than exclusion and racism!
- For the right to protection and asylum – against the isolation of Europe!
- For a free and diverse society!
- Solidarity knows no borders!
